

Jay S. Leaver

Education:

1986: Colorado School of Mines – BS Geological Engineering

Professional Experience:

1987 - 1989	Pendleton Land & Exploration
1989	Energy Data Services
1989 - 1991	Western States Minerals
1991 - present	Thomasson Partner Associates

Professional Affiliations:

AAPG

RMAG – Secretary (2009), Co-chairman of Field Trips and Short Courses, RMS-COGA (2008), Committee Member, Basin Center Gas Symposium (2000)

Publications and selected Papers:

Leaver, Jay S., and Thomasson, M. Ray, 2002, Case studies relating soil-iodine geochemistry to subsequent drilling results, *in* Surface exploration case histories: Applications of geochemistry, magnetics, and remote sensing, D. Schumacher and L. A. LeSchack, eds., AAPG Studies in Geology No. 48 and SEG Geophysical References Series No. 11

Leaver, Jay S., 2002, Selected non-seismic surface exploration methods: soil iodine, microbial, and airborne magnetotellurics; 2002 AAPG Rocky Mountain Section Meeting

Silverman, Matthew R., and Leaver, Jay S., 2006, Proterozoic Hydrocarbon Potential of the Beetaloo Basin, Northern Territory, Australia; 2006 AAPG International Conference and Exhibition

Kerr, S. Duff, Seneshen, David M., and Leaver, Jay S., 2006, Surface Geochemical Expression of Hydrocarbon Seepage Over a Utica-Trenton Play Area, New York; 2006 AAPG Eastern Section Meeting

Leaver, Jay S., 2006, A case history of vintage 3D seismic in the search for oil, White Pine County, Nevada; Denver Geophysical Society

Community Service: Ellis Elementary PTA Vice-President (2006), Secretary (2007), visiting geology teacher at local elementary and middle schools

Interests: gold prospecting, opera, martial arts, cycling, and yes, geochemistry
