

THOMASSON

Partner Associates, Inc.

June 7, 2010

Thomasson Partner Associates, Inc. (TPA) is pleased to announce that Dr. John M. Warn has been appointed President of the company effective immediately. Warn has served as both geologist and geophysicist for major, intermediate and small oil and gas companies over a span of 36 years. His most recent position was as Vice President of Geoscience at TPA. Warn will replace Dr. M. Ray Thomasson, who founded TPA in 1991 and who has served as TPA's president the past 19 years. Thomasson will remain actively involved in the management of TPA in the capacity of Chairman of the Board.

Thomasson Partner Associates is an association of more than 25 experienced oil and gas professionals who use modern technology to generate oil and gas projects for turning to industry partners. TPA is located at 1410 High Street, Denver, Colorado 80218. www.tpaexpl.com
